

Welcome to Middle School Math.

My name is Mrs. Dewey. I have been teaching for 23 years. I have taught Grade 1, 2, 7, 8, 9, High School, Community College, University of Arizona, a year in England, and 2 years at Athlos Academy of Utah. I have 5 children and 2 grandchildren. I now live in Draper, Utah and have enjoyed the wonderful people at Athlos Academy.

I will help your children with their math skills and prepare them for the end of year state tests. If they do their part, they will be ready and successful when taking the test.

As Middle School students, we try to make them more accountable for their work. They need to get to class on time every day. They will need to get any missing work if they miss class. They will record assignments and due dates. If travelling, or at appointments, they need to ask for the work they missed. They can ask for help with homework, but I will not do the homework for them.

I look forward to getting to know everyone better.

You can reach me at ndewey@athlosutah.org or ndewey29@gmail.com

Respectfully,
Mrs. Dewey
