 - **Jeana Bonner**
- **Meeting called to order at 5:04**
- **Public comment**
 - **Amanda Jenkins**
 - **Playground is not sufficient and kids are bored. Unlike other playgrounds in the area, it does not engage full range of motor skills.**
 - **There seems to be insufficient supervision – teachers need a break and so supervising the playground is a burden to them.**
 - **Lunchtime seems to have a similar lack of supervision. Again, teachers need a break.**
 - **Concern expressed that there aren't American flags in classrooms yet**
- **Friday School Hours Discussion**
 - **Outlined the efforts that have been made thus far to ameliorate carpool issues. They have been satisfactory and the situation continues to improve with the exception of Fridays when Herriman High School has late start (8:25). The original decision on 8:15-3:30 was approved by UPD and the city council.**
 - **The Herriman City Manager has now requested that Friday hours change to accommodate a 30 minute stagger with Herriman High's Friday schedule.**
 - **There have been some parent requests to move the time later instead of earlier. This is problematic in that AM Kindergarten becomes impractical.**
 - **Changing the whole week to keep the daily schedule consistent was discussed. This would necessitate a great deal more schedule changing on the part of staff and parents.**
 - **A 7:55 start time on Fridays seems to cause the least disruption and meet the city council's requirements.**
 - **Herriman City Manager requested to comment and indicated there would likely be court involvement unless the change was made.**
 - **Andy motioned to change Friday school hours to 7:55-3:10. Bethany seconded the motion. Votes as follows: Yea – Andy, Bethany, Kelsey, Chelsey, Jeana. Nay – Josh. Motion passes 5-1.**
- **Meeting adjourned at 5:35**
